

Shot Ideas GSE Guide

Establishing shot - medium high angle
- lights coming on. - maybe

75-200mm long lens focus on one subject.

high angle shot of all the in playing/practising.
- 50mm lens / 75 / 300mm lens.

worms view of the players / ~~foregrounding~~

Foregrounding get some rafter/beam in background
/ or rack the focus from the chair to the players.

get a low angle shot of the I&S Sheffield sign

↳ get different exposures - blend from building
to just sign

↳ maybe get a large exposure.

get something ~~of all many~~ slots as either
symmetrical or balanced

close up and medium close up of goalies.

long shot of players heading on to ice

bench on deck - Iden shot of them with
Soren from the side long shot then on the side/
left, or 75-300m focus on the player ~~to~~
medium close up ~~of~~ other players blurred.

medium close up of one ~~player~~ - player also
maybe have another player in left bottom corner
close up, - have players going past like blur.

tripod ~~up~~ lower shutter speed
